

To access Type to Learn 4 at Home

Type to Learn 4 is available to all students to use at home. With the account information in hand, parents / students may freely download the program installer onto their home computer. The student logs into the program the same way they login at school. They will be accessing the same account as they use at school.

TTL4 username- Student number

TTL4 password-Student number

Account Code-118984
